

VISIONARY ENVIRONMENTAL COMPANY LOOKING FOR FINANCE MANAGER FOR OUR GERMAN PLANTS

Are you a technically strong Finance Manager, who also has good people skills? Can you handle the management of a finance team while performing your own finance tasks with passion and punctuality? Would you like to be a part of an international corporation striving for a sustainable future? Then you may be just the person we are looking for.

Our Group CFO is looking for a dynamic, independent and technically strong Finance Manager for our German subsidiary. Genan GmbH is the largest company in the Genan group with a turnover of EUR 18.5m and approx. 105 employees in total working at three big plants strategically placed across Germany – one in Oranienburg near Berlin, where the finance department is located, one in Dorsten in the Ruhr District and one in Kamlach in Bayern. Finding the right person for this position is thus essential.

Your main tasks

- Organisation and practical execution of the bookkeeping – in cooperation with a team of two employees
- Monthly reporting
- All duties relating to the preparation of the annual accounts – as well as preparation for and support in connection with the annual audit
- Monthly sales tax summary reporting and annual VAT declaration
- Support to the external tax consultant in connection with the preparation of income tax returns
- Annual preparation and submission of the complicated application for renewable energy refund within the scope of EEG
- Cooperate with plant managers in all accounting and business issues together with the Genan Group Controller, who is also located in Oranienburg
- Statistical reports to “Bundesamt für Statistik” and “Bundesbank”
- Ad hoc tasks at group level (projects initiated by the Group CFO)

Candidates invited for an interview will receive a more detailed job description.

Your qualifications

For the position as Finance Manager for Genan GmbH, strong, technical accounting skills are a must. We thus expect your educational background to be either that of a “Geprüfter Bilanzbuchhalter” or “Steuerfachwirt”. Alternatively, you have audit experience combined with practical experience from a similar job. You must be service-minded and act as a key cooperation partner within the organisation – but also be able to draw a line when needed.

We expect you to speak and write German fluently (the language used within Genan GmbH), but you must also be able to communicate in English, which is our corporate language.

In respect of social skills, we expect you to be positive and open-minded by nature. Furthermore, you must be able to master the balance between delivering on your own tasks and supporting your team and colleagues.

Your opportunities

We offer a challenging position with great responsibility in a most dynamic, international company. Among colleagues, the tone is informal and based on the values of gratification, trust and initiative, which are daily in focus at Genan to ensure a harmonious working environment. You will be part of our Extended Management Group and should expect to travel up to approx. 10 days a year.

For further information about the job, feel free to contact Group CFO Christian K. Madsen on tel. +45 2349 3097.

Applications must be sent by e-mail to job@genan.eu by 30 April 2019.

We look forward to hearing from you.

Environmental company Genan boasts more than 25 years of experience in tyre recycling. Counting a total of five state-of-the-art factories – one in Denmark, three in Germany and one in the USA – Genan is the largest tyre recycler in the world. Sustainability is our core value, and by turning huge volumes of end-of-life tyres into new resources, Genan helps solve an immense, global problem. To strive for a sustainable future takes a dynamic and dedicated team; and our 230 passionate employees are thus the core of our organisation.
